

Hello Hoover Staff, Students, and Families,

Thank you to many of you who have shared feedback about our Wednesday Charge Up sessions. Your input is appreciated and is used to make adjustments to our program when possible. Over the first quarter, we noticed that our Charge Up Wednesday schedule did not allow some students sufficient time to receive support and/or work on assignments.

For marking period two, we will use a new Charge Up schedule! Below you will see the new Charge Up schedule. Attendance is voluntary at Charge Up, but students who have questions about content, are missing assignments, or have low grades should attend. Additionally, teachers will be inviting students to attend Charge Up in order to make up work and to review content information as needed. Please note there are no other changes to the schedule.

Students may log into teacher zooms during the times below by department.

MP 2 Wednesday Charge Up Schedule
